INTRODUCING “ONE MEMBER, ONE LEDGER”

1. It gives us immense pleasure to introduce “**One Member, One Ledger**”, a refined and forward-looking initiative, effective **1st April 2026**, designed to enhance your overall club experience with greater ease, clarity, and sophistication.

A Seamless Financial Experience

2. Until now, transactions across our various touchpoints - **Member Services, Catering, Sports & Facilities, Guest Rooms, Banqueting, Health Parlour, and Events** - were managed across multiple systems.

3. With this initiative, all such interactions will now be elegantly consolidated into **a single, unified ledger, seamlessly linked to your Unique Membership ID**. This integration ensures that every aspect of your engagement with the club is reflected in one cohesive financial account.

4. **The “Privileges You Will Enjoy”:-**

(a) **Consolidated Statements**

A comprehensive monthly statement, presenting all transactions with clear opening and closing balances.

(b) **Effortless Payments**

The convenience of settling your account through a range of options - smart card, credit/debit card, online payments, or cash - tailored to your preference.

(c) **Real-Time Precision**

Accurate, up-to-date account information, ensuring a smooth and dependable experience across all departments.

(d) **Complete Transparency**

A detailed and accessible digital audit trail, offering clarity and confidence in every transaction.

5. This initiative reflects our continued commitment to delivering a modern, seamless, and elevated club experience, aligned with the highest standards of governance and excellence.

6. We thank you for your continued patronage and the privilege of serving you.

Apr 2026

**Col M Sanjeev (Veteran)
CEO & Secretary**
